ARCHIVAL PHOTO STORAGE BOXES

Specifically designed for the archiving and conservation of your photographs and documents. The surface is covered with a specially selected black Wibalin® Buckram paper which offers superb water and light-fastness. Made from selected Archival board which meets the requirements of ISO 9706 for paper permanence, this material contains also a high level of alpha-cellulose, is produced in neutral pH conditions (acid-free) without OBA or recycled material, and conforms to the PAT (Photographic Activity Test according to ISO 18916) to ensure the integrity of prints over time. Each box contains a neutral ribbon for improved handling and removal of photographs or documents and 25 sheets of glassine to protect prints from scratching and abrasion.

ARCHES® BFK RIVES® PURE WHITE

310g/m²

ARCHES® BFK Rives® Pure White is a 100% cotton paper which has a perfectly balanced soft grain that brings out the detail in every image. As a result of using 100% cotton and the time-honoured mould-made manufacturing process, the paper has a very soft and supple feel. The paper has a pure white tone and is completely free of any optical brighteners (OBAs).

ARCHES® AQUARELLE RAG 310g/m²

ARCHES® Aquarelle Rag is recognised by artists as one of the most prestigious watercolour papers with a history that spans many centuries. Using the traditional watercolour base, the paper has an even natural grain and a felt-marked textured finish. ARCHES® Aquarelle Rag is manufactured using 100% cotton which contributes to the paper's natural beauty and feel. The pure white base does not contain any optical brightening agents (OBAs).

Soft grain

EDITION ETCHING RAG

310g/m²

The Edition Etching Rag has been developed to echo the original genuine etching and printmaking papers used by traditional printmakers around the world that require the qualities of the fourdrinier process. The Edition Etching Rag has a smooth texture with an ultra-fine, unique grain structure. The pure white tone of this museum grade paper provides deep blacks, superb image sharpness and excellent gradation.

AQUARELLE RAG

310g/m²

Using a traditional watercolour paper, Aquarelle Rag has been made available for art reproduction to offer printmakers and photographers, a unique aesthetic to a photographic print. With its unique felt-marked structure and surface texture, Aquarelle Rag offers artists a true digital fine art paper to reproduce their artwork. The mould-made paper has a naturally white base and offers excellent image quality and archivability.

☐ Digital Darkroom Art Papers

PLATINE FIBRE RAG

310g/m²

Historically, true fibre-based (FB) photographic papers had a 100% cotton base. This tradition continues today, as the Platine Fibre Rag uses the same premium 100% cotton Platinum paper that Canson® supplied for many years to the original Platinum and Platine photographic market. Platine Fibre Rag has a premium quality inkjet receiving layer designed to replicate the traditional darkroom aesthetic.

□ Digital Darkroom Art Papers

BARYTA PHOTOGRAPHIQUE II MATT 310g/m²

This unique paper has a true 100% barium sulphate later (baryta) which offers exquisite detail as well as a wide colour gamut and exceptional D-max (black). In addition, the combination of the alpha-cellulose base and the matt finish gives the paper a sensual and soft feel to the touch.
